

Title of the activity : Graphic facilitation

For who : + 7

Duration : few minutes

Number of players : a small group of 4-5

Place : indoor/outdoor

Characteristic :

- visual
- educational

Type of game : Visual

Educational interest :

-to send a strong visual message of what has been discussed

Materials :

- Papers
- Markers

Goal :

To get participants to transfer a strong message through graphics

Method :

As a consequence of a discussion or a debate on a topic, the group prepares a visual support for the information that have been discussed. The visual results can be transferred further to another group or can serve just as a support for the group that has been involved.
