

Title of the activity : Map of Europe

For who : +7

Duration : 30 min – 2h

Number of players : min 4

Place : indoor/outdoor

Characteristic :

- environmental friendly
- creative

Type of game : Art and crafts

Educational interest :

- to raise awareness about Europe

Materials :

- any recycled materials (plastic cups, magazines, etc)
- Big board and gluing instruments

Goal :

Make youngsters work together for creating a big map of Europe, by using recycled materials.

Method :

The method starts with discussions about Europe, how it looks like physically, politically and in terms on values. The team will study the real map of Europe and will start making plans on how to create it by using recycled materials that are at their disposal.
