

Title of the activity : Music of the senses

For who : +7

Duration : 30 min – 1h

Number of players : as many as possible

Place : indoor/outdoor

Characteristic :

- inclusive
- creative

Type of game : Art and music

Educational interest :

- to stimulate creativity and imagination

Materials :

- different instruments for making music

Goal :

To create a musical, imaginative atmosphere. It can include visually impaired youngsters or the participants can be part of the game by kipping their eyes closed.

Method :

It is not important if the participants can make music or not. It is important that there is one facilitator that tells a story and have the youngsters imagine a new world. After that they will create their new world by making different specific sounds in the same moment.
