**Educational interest :**  
- Artistic creativity  
**Materials :**  
- A blank paper or napkin

**Goal :** To build a flower or different shapes by using a paper or a napkin

### Method :

- Step 1 :** Start with a piece of napkin. Regular paper also works, but won't look as nice.
- Step 2 :** Roll up the napkin from left to right.
- Step 3 :** Begin forming the rose by pinching near the top.
- Step 4 :** While pinching with one hand, Roll below the rose with your other hand.
- Step 5 :** Lift the corner up to one side from the bottom of the napkin.
- Step 6 :** Start rolling up from the bottom of the rose.
- Step 7 :** As you roll up, try to leave the loose corner hanging to the side. This will be used for the petal.
- Step 8 :** Twist the base of the petal so its shape can be more defined.
