

Title of the activity : Photo Voice

For who : +8
Duration : more than one week
Number of players : +5
Place : in a public place

Characteristic :

- creative
- solution focused
- participative

Type of game : Photography

Educational interest :

-raising awareness about challenges of specific groups or communities

Materials :

- photo cameras
- printed pictures

Goal :

To raise awareness for the local community or local authorities about specific problems and challenges of a group of youngsters or of a small community.

Method :

A specific group of participants discuss to identify problems and difficulties that can be solved if the local authorities will take actions and create policies for that. The group is then given photo cameras to make their voice heard through pictures. Each picture is printed and accompanied by a message by their author. A photo exhibition will be organized in a public place and local authorities can be invited, as well as local media.
